3 Hi Michael,  
4  
5  
6 We found that **DC Chronicle News** didn't follow our Community  
7 Standards. It's against our standards to mislead people or Facebook by  
8 things like:  
9  
10 • Misrepresenting your Page's identity or purpose  
11 • Using multiple Facebook accounts or sharing accounts between  
12 multiple people  
13 • Creating new accounts or taking other actions to avoid  
14 restrictions on posting, commenting or sharing too much  
15 • Making it difficult to know your content's origin or making your  
16 content seem more popular than it is  
17  
18 We may unpublish, restrict or reduce the distribution of your Page if it  
19 goes against these or any of our other Community Standards again.  
20 These standards are in place to help keep Facebook safe for everyone.
